Dermot Cavanagh is the artist and tutor behind the BBC TV Series 'Awash with Colour'. During 74 episodes he taught a host of celebrities to paint. Now you can let him inform, encourage, and inspire you. Learn many new hints, tips and techniques through Dermot's tried and tested method of tuition, proven to bring out the artist in anyone. People often say they've learnt more from Dermot's courses in a few days than from years attending other classes. On this 3-day course he will build your confidence, remove the mystery around painting and have you creating magical paintings in no time. Dermot is very generous with my time and his tips. Places are limited to allow for lots of individual attention.
